

# Sports Funding – 2015-2016

From September 2013 the Government allocated funding directly to primary schools to support the provision of high quality P.E./sport.

This year each school will receive £8000 plus an extra £5 per pupil for those aged 5yrs and above.

## Principles

- To hire specialist P.E. teachers or qualified sports coaches to work alongside teachers when teaching P.E. to increase professional knowledge, skills and confidence in teaching sport
- To improve the quality of materials for P.E./sport in our school
- To increase the provision of clubs and places for pupils outside of school hours
- To increase the professional development opportunities in P.E./sport for all our teachers, which might include providing cover or release time for teachers to engage in professional development in P.E./sport
- Give increased access and participation in sports competitions and inter-school games, particularly within the cluster group of local schools
