

# What's on at your local Waste and Recycling Visitor Education Centre

## Five fantastic facts about recycling that you never knew.

Global Recycling Day  
18 March 2022

The world's most recycled item is **aluminium**.  
Over 50% of aluminium cans produced are  
recycled.

1. Each household in the UK. uses approximately **600 steel cans** a year – and every single one can be recycled.
2. Glass can be **recycled continuously** without losing its integrity or altering its quality.
3. It can take **just seven days** for old magazines and newspapers to be recycled into new ones.
4. For **every ton** of newspaper that is recycled, **17 trees are saved**.

Remember to keep doing your bit to  
recycle and help to protect  
the planet.
